all of the Faculty of Education of the University of Birmingham

Educational Review publishes general articles and accounts of research of interest to teachers, to lecturers, to research workers in education and educational psychology, and to students of education. Special consideration is given to articles dealing with research, with descriptions of experimental work in schools, and with critical reviews of teaching methods of curricular content in schools. From time to time the journal publishes material on administrative problems, on tests and measurement, on child growth and development, and on the relation of schools to the community.

Editorial correspondence, including books for review, should be addressed to the Editors, *Educational Review,* Faculty of Education, University of Birmingham, P.O. Box 363, Birmingham B15 2TT, England.

Business correspondence, including orders and remittances relating to subscriptions, advertisements, back numbers and offprints, should be addressed to the publishers: Carfax Publishing Company, P.O. Box 25, Abingdon, Oxfordshire OX14 1RW, England.

The journal is published three times a year, in February, June and November. These three annual issues constitute one volume. An annual index and title-page is bound in with the November issue.
